

Karen Foster

EXPERIMENTAL ACRYLIC WORKSHOPS

- OCT. 17TH & 18ST
- NOV. 14TH & 15TH
- JAN. 16TH & 17TH

TIME: 9:30 a.m. ~ 4:30 p.m.

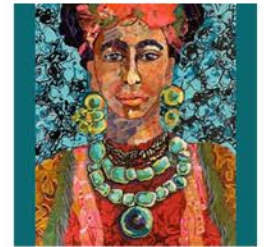

FEE: \$125 PER SESSION

Karen Foster returns to The Upstairs Gallery this Fall to continue her deeper “look” into acrylic painting. Each two-day workshop will take a different path, but each provides new concepts and techniques. Register for one or all three – each session has a different creative plan.

OCTOBER 17TH & 18TH

FIGURATIVELY SPEAKING

In this class we will create lovely papers and incorporate them into a famous person collage. The papers will be used to design clothing, head pieces and other elements in your painting. I will supply the faces of famous people in various sizes for you to choose from or you may have an image of someone you would like to use.

NOVEMBER 14TH & 15TH

MOTIF TAPESTRY

We will use intricate motifs of floral, geometric shapes and other stylized patterns to create a painted collage on a square canvas. You will need to search for patterns you like. Maybe check the library for a book on motifs or graphic flowers or leaves. You may have stamps or stencils you could use.

JANUARY 16TH-17TH

EARTH AS CANVAS

We'll translate satellite imagery into expressive artworks that reimagine earth's surface as a canvas. You will gain practice in transforming reality into the Elements of Painting-line, shape, color, value and texture.

Karen will provide a complete supply list for each session.
