EXPERIMENTAL ACRYLIC WORKSHOPS

• JAN. 16TH & 17TH

TIME: 9:30 a.m. ~ 4:30 p.m.

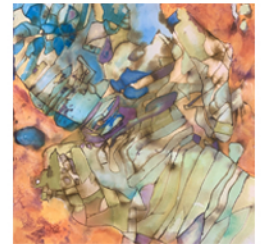

FEE: \$125 PER SESSION

Karen Foster returns to The Upstairs Gallery this Fall to continue her deeper “look” into acrylic painting. Each two-day workshop will take a different path, but each provides new concepts and techniques. Register for one or all three – each session has a different creative plan.

JANUARY 16TH-17TH

EARTH AS CANVAS

We'll translate satellite imagery into expressive artworks that reimagine earth's surface as a canvas. You will gain practice in transforming reality into the Elements of Painting—line, shape, color, value and texture.

Karen will provide a complete supply list for each session.
